Osaka Biotech & Pharma Networking Event 2025

1

It is full of useful content of event.

This event focuses on 1-on-1 meetings with Japanese companies. In addition, the following programs are also planned.

- (1) Pitch Session by participating companies
- (2) Poster exhibition by participating companies
- (3) Seminars by overseas research institutes, etc.

2

Online event will be held at a later date.

An online session will be held in mid-July for providing an opportunity to follow up with companies that were met at the venue and to meet companies that be not able to have a meeting at the venue! Online-only participation is also possible, so please feel free to apply even if you are unable to come to the venue on June 24.

3

Reception & Networking will also be held.

A related event, a reception for life science companies, is scheduled for the evening of June 24 at a nearby venue! This will provide an opportunity for networking with more companies from Japan and abroad.
